## ALUMINUM TARP SYSTEM

### 2-Piece Adjustable Arms

The two piece arms of the Bullet™ make installation easy. Adjusting the arm lengths during installation lends itself to a proper fit and better operation.

### 3-Year Motor Warranty

The dependable Durabuilt™ 12V direct-drive electric motor has an in-cab rotary switch for operator convenience. The motor comes with a three-year full replacement warranty.

### Load Security

Four springs per side ensure that your load stays safe and secure even at highway speeds. The springs will secure bodies up to 23 feet long.

### Huge Tarp Selection

When pricing your Bullet™ system, you will need to order your choice of tarp and add that to the price. Choose from heavy-duty mesh, multicolored PVC mesh, 18-oz. vinyl or asphalt lumite. Asphalt lumite is water resistant and not PVC coated, so it's able to handle much higher heat levels than vinyl.

In addition to lumite, other asphalt-friendly selections are available, including 22-oz. vinyl and Donoprene. More tarp options can be selected, such as non-standard colors, side flaps, reinforced pockets or hems, webbing, boxed corners, stenciling, grommets and D-rings.
