JUST BOLT 'EM ON AND YOU'RE DONE!

TTLGB-042123

Exclusive design – like no other tarp cord in the industry! GustBusters attach permanently to trailers to hold down tarps. Keep yours from flipping in the wind – and perhaps taking you with it. Unique dual-grommet design accommodates both 96" and 102" trailer widths.

Moisture-resistant polyester construction reduces the chance of dirt and grime getting embedded in the webbing to keep cords from turning brittle and abrasive. Durable stretch membrane is integrated throughout the webbing, so it won't bunch up on one side of the trailer. Flat profile of the cords holds contact with the tarp, for better wear and extended tarp life.

Grommets are centered in the cord, for a balanced look and most secure attachment. Aluminum construction of both the grommet and bushing helps prevent corrosion, upping the resistance factor, and matches the mounting screw for a sharper look.

Key Features: GustBuster™ Cords (2), Textured Poly Webbing, Dual-Grommet Ends, Aluminum Grommet/Bushing, Mounting Hardware, Easy-to-Follow Instructions.
